Youth Medal

Herdsmen Competition

Most successful Huacaya Exhibitor in Show

The Harriet Davison Perpetual Trophy, donated in her memory by the family of the late Harriet Davison of Illawarra Alpaca stud. Harriet showed alpacas at every Sydney Royal from 1992 to 2010,

winning Most Successful Exhibitor for Illawarra Alpacas five times.

Harriet was a vocal and passionate ambassador for the alpaca industry

and the 2010 Royal Show was her last elective act.

This magnificent trophy commemorates her significant contribution to the industry.

Dr. Jim Watts Perpetual Trophy for the Highest Scoring Alpaca Fleece

Precision

Monga

Dr Jim Watts was a Sydney University veterinary graduate and CSIRO scientist, who pioneered the relationship between skin histology and fleece production traits, applying those principles initially to Merino sheep as the Soft Rolling Skin (SRS®) Breeding System, and later extending it to alpacas and angora goats. His mantra of length and density focussed attention on productivity traits which he linked to histological and visual markers. Those markers were then applied in the classing of fleece types for selective and complementary breeding, ultimately leading to accelerated genetic gain in wool productivity.

By translating powerful scientific principles into basic tools of herd management, Jim empowered the ordinary farmer to breed extraordinary fleeces, which were both valuable and heritable.

This award celebrates Jim's enduring influence in the early commercialisation of the Australian alpaca fleece industry, and his significant contribution to the global alpaca industry.
