## Thank You from the President

The Sydney Royal Easter Show's annual competitions are a testament to the dedication and passion of our exhibitors, including farmers, growers, breeders, producers, artists, crafters, gardeners, athletes, fanciers, and enthusiasts - all of whom showcase the personal achievements, rich family heritage, and local pride that defines our competition community.

Beyond its cultural significance, the Show also has a profound economic impact, supporting local businesses and communities across New South Wales (NSW) and beyond. The participation of those in this Catalogue makes our event a highlight of the year, and the pinnacle of competition throughout NSW and Australia. I extend my heartfelt thanks to each one of them.

A special thank you goes out to our judges, officials, stewards, and volunteers who generously give their time and expertise. Their contributions are invaluable and ensure the success and integrity of our competitions. We are also deeply grateful for the generous support from our sponsors, Councillors, breed societies, and staff. Your dedication and hard work make all this possible.

As we reflect on another incredible year for the Royal Agricultural Society of NSW, I am filled with immense pride and gratitude for the role that the annual Sydney Royal Easter Show plays in the culture and traditions of generations of Australians. The Show is not just an event, it is a cherished tradition that creates lasting memories and celebrates our agricultural heritage.

On behalf of everyone involved, I wish all our exhibitors every continued success. Together, we will celebrate and elevate Australian endeavour and excellence in all of the varied forms it takes at the Show in April.

- 2 230 BEEUTIFUL HONEY

**0021 - Creamed honey, fine grain. Prizes 1st \$60, 2nd \$30, 3rd \$10**

JUDGES' COMMENTS: Overall a good class of entries. The place getters had a smooth and buttery consistency. A few entries were too hard. Unfortunately a number of entries had separated indicating they had been whipped, or too low a ratio of seed honey or a seed that didn't set well enough in warm weather.

JUDGES' COMMENTS: Overall a well prepared class. As in the full depth frames, better care should be taken in cleaning propolis and other material from the frames. Some care could be taken with some case construction as it detracts from the overall viewing experience.

**LIQUID HONEY - NATIVE**

**0043 - Liquid honey, any colour, produced by Tetragonula carbonaria. Prizes 1st \$60, 2nd \$30, 3rd \$10**

JUDGES' COMMENTS: Extremely well presented entries this year, with high scores for clarity and brightness. Sadly this years' entries did not present some of the more complex and outstanding aromas of previous years. However, there were examples of classic T. Carbonaria honeys with the unique combination of tangy sweet citrus flavours common in this species. Unfortunately, there remain some entries which are excessively filled, preventing the build-up of aroma. There were also some entries presented with slight surface mould, suggesting that in addition to straining and filtering, entrants should apply good food handling and hygiene practices. For example, ensure equipment is clean and aseptic, jars provided have been washed and dried, etc.

472 STINGLESS NATIVE BEES  
455 MRS CASSANDRA GOODWORTH

**0044 - Liquid honey, any colour, produced by Tetragonula Hockingsi. Prizes 1st \$60, 2nd \$30, 3rd \$10**

JUDGES' COMMENTS: A very small number of entries this year, which did not fully represent the classic aroma and taste of the T. Hockingsi. It is likely that the unfavourable weather conditions contributed to difficult year for meliponists of the T. Hockingsi in northern NSW and Queensland.
